

I started the Southwestern Illinois College (SWIC) Heating, Ventilation, and Air Conditioning program in 2007 and graduated in 2009. Mr. Prost was my instructor for both of my Commercial Refrigeration classes. I appreciated his vast knowledge of our industry. He didn't just teach us. He worked with us, always ensuring we understood the physics, the mechanical and electrical aspects, and the do's and don'ts. He has a passion for improving the reputation of the heating and cooling world. He's doing that by example and by instructing at SWIC. They're fortunate to have him!

I learned a lot about refrigeration from Dave Prost but also how to treat my fellow man. That's a lesson I'll take with me wherever I go!

RYAN BECK

SWIC HVAC Student
2007-2009
